COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Applicants received a Notice of Allowance dated June 12, 2006 on the above-identified patent application. In the Notice, the Examiner allowed claims 6-8, 13-15. and 19. The Examiner also paraphrased applicants' claimed invention as part of the stated reasons for allowance. Applicants agree with the Examiner's conclusions regarding the patentability of the allowed claims, without necessarily agreeing with or acquiescing in the Examiner's reasoning. In particular, applicants believe that the application is allowable because the prior art fails to teach or suggest the invention as claimed, independent of how the invention is paraphrased.

Please contact the undersigned if you have any questions or comments, or if applicants can be of any assistance in expediting issuance of the patent.
